Name	Which SDLC phase are you most interested in?	Explain why?
Abdul Nafay Khan Qures	We will work together group wise	Because we do with passion
Abdul Rehman	We will decide our selves	Because we prefer group practice
Muhammad Hassan Sidc	Test	In app development, the tester's role is important because a tester makes sure the app works correctly before it is given to users.
Ibrahim	Test	Right now I don't know that much, but testing feels a bit interesting to me, and I also want to learn it. I think I'll be able to learn from this project.;) [1]
Faraz Hussain	Test	My role in this project is Testing. I ensure that the system works correctly, find bugs, and help improve software quality before deployment.
Muhammad Bazil khan	Test	I'm doing testing in this project to built more experience
Faizan Ali	Test	I am interested in this
Ali israr	Plan	Planing is better for me I think but I m not sure
Fardeen ali	Plan	I am interested in the planning phase because it helps to understand project goals, requirements, and timelines clearly before starting development.
Karar Hussain	Plan	Bcz i am interested
Mehak Malik	Plan	[2]
Alishba	Plan	Because other option is most critical except this one
Laraib	Plan	I want to work physically not just theoretical
Muhammad Farhan	Plan	Sab sa imp plane ha agr plane sahi hoga to baki kam sab sahi hoga
Areeba	None of these	We divide a work to each other
Eeman	Non or this	Work by group
Sultan	Design	I want to study about it
Khadija	Design	I am interested in the Design phase because I enjoy creating visuals and layouts. I use Canva to make designs, which helps me be creative and make projects look attractive and easy to understand.
Abdul Haseeb	Design	Because I have designing skill and I am also familiar with adobe software I think I can work on it
Behrooz Khan	Deploy & Maintain	I'm choosing this phase because it's where the software actually goes live and creates value for the user. I want to learn how to manage uptime and handle real-world feedback to keep a system stable and efficient after it's built.
Junaid Ali Shaikh	Code	I am interested in the coding phase because I enjoy writing code and building real features for the project.
Muhammad Asad Khatri	Code	I am intrested in coding
Aqib Abid	Code	I'm fronted developer
hammad bangash	Code	intrested
Muhammad Faizan	Code	Because I am a frontend developer
Asad Abbas	Code	For, I have a already experience regarding the coding.
Muhammad Adeel Qadir	Client	Because I am best for client role
Abdul basit	Analyze	Because before complete anything analysis is most important
Mahesh Kumar	Analyze	Jb group bne ga tb dekhin gi abhi kch nhi kheh sakte kiyn
Faiza	_ [3]	Because I have a some information rather than other phases, [4]
